Headquartered in Singapore, **Azentio Software** provides mission-critical, core and vertical-specific software products for clients in banking, financial and insurance services primarily across the Middle East and Africa, Asia Pacific, and India. The company's flagship products include MFund Plus™ (Wealth & Asset Management Solution), Kastle™ (Universal Banking Solution), iMAL™ (Islamic Core Banking Platform), Premia™ Astra, Beyontec Suite (Core Insurance Software) and Intelligent Automation Fabric (End-to-End Digital Suite), Amlock™ (Financial Crime Detection and Management Solution), and Orion™ (Enterprise Resource Planning Solution).

The company has over 900 clients in more than 65 countries with a team of over 2,000 employees across offices in nine countries globally.

Azentio Software is wholly owned by funds advised by Apax Partners, a UK-based and 40 years old, leading global private equity firm with over US\$60 billion assets under management.

Solution overview

Azentio's MFund Plus™ is an industry recognized award winning all-in-one investment management platform powering more than 100 of the world's leading Wealth & Asset Managers who collectively manage over US\$500 billion in AUM. It digitises end-to-end investment lifecycle supporting diverse business segments like Banks, Wealth Managers, Robo Advisors, IFAs, Asset Managers, Pension Funds, Hedge Funds, Mutual Funds, Family Offices, Trusts, Registrars and Transfer Agents.

MFund Plus™ is built on modern and powerful technology that is easy to update, integrate and is future ready. It offers scale, supports multiple entities, channels, devices, asset classes, languages, and currencies.
