

# Azentio Investor Participation

## Gain and retain Investors' Confidence

A strong relationship with investors is paramount for retaining their trust in your business. Managing investments with transparency and automation helps you give your investors the best possible Return on Investment (ROI) and increase their confidence in your enterprise.

The Azentio Investor Participation module of Azentio Factoring a.k.a. Factor/SQL®, a leading factoring software solution, allows you to efficiently manage capital provided by investors and participants. Using this solution, a user can view and advantageously analyze investor information, such as cash in use, invoices funded across the portfolio and concentration.

### The Azentio investor participation edge

Better control over  
and flexibility of  
investor funds

Ability to  
track investor  
commission

More  
confidence in  
communicating  
account status

Quick access  
to investor  
information

## Functionalities that enhance productivity

- Set up investor's line of credit and commission; track all active/closed invoices funded.
- Compare concentration of investors tied to different relations, also include more notes/reminders.
- Apply investor's fund to an entire schedule/ specific invoices as a percentage or complete amount.
- Monitor investor details, activities, portfolios by relationship and investor master information.
- Manage fee basis for investor based on amount invested, Net Funds Employed (NFE) balance invested and NFE fees earned.
